

Some tools in OWL

- **OntoGraf:**

- Interactive visualization of the ontology
- Useful for viewing class relationships, ontology structure
- <http://protegewiki.stanford.edu/wiki/OntoGraf>
- **Demo:** <https://www.youtube.com/watch?v=JRNxvIZ5LBg>

- **DLQuery:**

- For searching a **classified** ontology
- Useful for testing and debugging
- <http://protegewiki.stanford.edu/wiki/DLQueryTab>

- If you don't see these tabs go to “Window” → “Tabs” to select
